

LUNCHEON SEMINAR

Organizing Society:

International Young Researchers Session
Calling All Young Researchers: It is time to make a move!

Distinguished Speaker:

"Over forty years in fish reproduction and aquaculture in under forty minutes"

Prof. Yonathan Zohar

Chair, Department of Marine Biotechnology and Director, Aquaculture Research Center, Institute of Marine and Environmental Technology, University of Maryland, USA.

The young generation plays an important role in building the future and a healthy society. We know that there are many of you out there who are eager to play a part in advancing the field. Wait no more as we feel it is time for you to step up and see how you can contribute. In addition to an inspiring talk by Prof. Yonathan Zohar, a renowned scientist in the field of marine biotechnology, a short open discussion where you can provide your opinions and thoughts to promote this movement will also be conducted. Come join us!

**September 10
(Tue)**
