

**Announcement of
Japanese Society for Marine Biotechnology (JSMB) 2024
Special Issue
in “Marine Biotechnology” journal**

ver.240410eng

At the 24th annual meeting of the Japanese Society for Marine Biotechnology (Tsukuba), we are planning a special issue for presentations at the meeting. We would appreciate if you could submit a complete paper based on the discussions at the symposium, oral presentation, and poster presentations.

1. JSMB 2024 Special Issue will be published in “Marine Biotechnology”, the official journal of Japanese Society for Marine Biotechnology. (<https://link.springer.com/collections/hgaibbhfd>)

2. Guideline for paper preparation

It is based on the regulations of “Marine Biotechnology” journal. Please refer to the URL below for the submission guidelines of the journal. For the application as the Special Issue, please follow the step 4. and 5. below.

(Submission guidelines:

<https://link.springer.com/journal/10126/submission-guidelines>)

3. The peer review procedure is the same as for regular journal submissions, but due to the editing of special issue, we have set a deadline for submissions.

4. Submission period: May 26, 2024 – December 31, 2024

As soon as a manuscript is submitted, the peer review process will begin, and after the manuscript is accepted, it will be opened.

5. How to submit

When submitting your manuscript, please indicate on the cover page that you wish to publish as the JSMB 2024 Special Issue.

6. Special issue to be published: Volume 27, 2025

7. Guest Editors for the Special Issue

GUEST EDITOR-IN-CHIEF:

Iwane Suzuki, Professor,

Institute of Life and Environmental Sciences, University of Tsukuba

GUEST EDITORS:

Yoshiaki Maeda, Associate Professor,
Institute of Life and Environmental Sciences, University of Tsukuba

Masami Kobayashi, Associate Professor,
Institute of Pure and Applied Sciences, University of Tsukuba

Makoto Hayashi, Assistant Professor,
Life Science Center for Survival Dynamics, Tsukuba Advanced
Research Alliance (TARA), University of Tsukuba

Kohei Yoneda, Junior Assistant Professor,
Institute of Life and Environmental Sciences, University of Tsukuba

Mariko Iijma, Researcher,
Research Institute for Geo-Resources and Environment Geological
Survey of Japan, National Institute of Advanced Industrial Science

Katsuhiko Mineta, Senior Researcher/Professor,
Research Organization for Nano and Life Innovation, Waseda
University
